

**March 03, 2026****Addendum No. 02****File Reference Number: RFSQ 2025 061****Title: Pre-Qualification of Contractors for Rail Infrastructure's Bridge, Culvert and Structure Projects****RE: Clarifications/Questions**

---

**CLARIFICATIONS/QUESTIONS****Item 1: Part 4 – Form of Submission – Submission Form 4 – Experience and Qualifications – 4. Project Team and Hierarchy**

- a) This section indicates that the project team must demonstrate a minimum of ten (10) years of experience in providing the work for the scope for which they presented a proposal.

However, within the same section, the Project Manager, Supervisor, and foreman are to have a minimum of 5 years of experience.

Is it ONTC's expectation that the respondent as an organization has 10 years of collective experience and that individual team members have a minimum of 5 years of experience? How does ONTC want respondents to demonstrate the 10 years of experience?

**Answer:** Respondent may provide ten (10) years of experience as a company through company profile and project profiles. The respondent may demonstrate five (5) years of experience for personnel as part of resumes or CV's.

This Addendum hereby forms part of the RFSQ.
