**RE: Clarifications/Questions**

---

**CLARIFICATIONS:**

**Item 1:** Would ONTC confirm whether electric air horns for the cab would be acceptable.

**Answer:** Yes, ONTC confirms electric air horns for the cab are acceptable.

**Item 2:** Would ONTC confirm the term “summer and winter ski”?

**Answer:** ONTC advises that “summer and winter skis” are interchangeable bottom shoes or skids used on the machine’s plow or broom attachments. These skis prevent heavy equipment from digging into the tracks or ballast.
