Addendum No. 01

File Reference Number: RFQ 2026 047

Title: Supply and Delivery of One (1) New Excavator

RE: Clarifications/Questions

QUESTIONS/CLARIFICATIONS:

Item 1: Can the experience and project references of a proposed manufacturing partner be considered in meeting the evaluation criteria related to experience and comparable projects?

Answer: Where a respondent proposes to rely on the experience, resources, or capabilities of a manufacturing partner or subcontractor in the performance of the contract, the nature and extent of that party's involvement must be clearly identified in the submission. ONTC will evaluate all information provided, including information pertaining to proposed manufacturing partners or subcontractors, in accordance with the requirements and evaluation criteria set out in the RFQ. No assurance can be provided regarding the score that may be assigned to any particular submission.

This Addendum hereby forms part of the RFQ.
