Addendum No. 01

File Reference Number: RFQ 2026 078

Title: Purchase of Twenty (20) Stop Blocks

RE: Clarifications/Questions

QUESTIONS:

Item 1: Appendix B indicates the purchase and delivery of twenty (20) stop blocks to 200 Lagoon Road, Englehart, while Appendix F requires proponents to include shipping and delivery charges. Appendix B, Section G(c), references installation and set-up costs, unless otherwise indicated.

Please confirm whether the scope of work includes only the supply and delivery of the stop blocks, with ONTC responsible for installation and set-up, or if installation and set-up by the Contractor is required.

Answer: Installation and set-up are **not** included within the scope of this RFQ. The scope of work is limited to the **supply and delivery** of twenty (20) stop blocks to the specified delivery location. While Appendix B, Section G(c) references installation and set-up costs where applicable, the RFQ scope does not indicate that installation services are required.

Respondents must include all costs associated with the supply and delivery of the stop blocks, including any shipping, freight, handling, unloading, or other applicable charges. All costs, excluding HST, must be included in the total bid price.

This Addendum hereby forms part of the RFQ.
