Addendum No. 04

File Reference Number: RFQ 2026 058

Title: Purchase of Three (3) Rough Terrain Forklifts

RE: Clarifications/Questions

QUESTIONS:

Item 1: Specification No.: "Minimum Lift Height Of 15' (2 Stage Mast)"

Please confirm whether ONTC will accept either a two-stage mast or a three-stage mast for the proposed forklift.

Answer: ONTC will accept either a two-stage mast or a three-stage mast, provided the proposed forklift meets all other requirements set out in the RFQ, including a maximum overall height of 95 inches. The proposed unit must comply with all requirements specified in Appendix F.

Item 2: Please confirm the required load centre for the forklift.

Answer: The required load centre is a standard 24-inch load centre. The proposed forklift must comply with all requirements specified in Appendix F.

Item 3: Please confirm whether a diesel-powered forklift meeting EPA Tier 4 Final emissions standards will be accepted.

Answer: In addition to the propane-powered forklift specified in the RFQ, ONTC will also accept a diesel-powered forklift, provided the proposed unit complies with all requirements set out in Appendix F and all applicable federal and provincial legislation. A diesel-powered forklift meeting all requirements of the RFQ will be considered applicable.

This Addendum hereby forms part of the RFQ.
